Excellent media handling

Despite their small size, the Aficio™SP C220N and SP C222DN offer great flexibility in handling paper and other printable media, thus reducing the need for expensive outsourcing. They accommodate a wide range of sizes, types and weights, including sheets of up to 160 g/m², transparencies, glossy paper, envelopes, labels and much more. With a maximum paper capacity of 751 sheets (251 sheets for the SP C220N), frequent refills are a thing of the past.

Save time

Forget having to wait to obtain your colour prints! With a brief warm-up and a short recovery time, these printers offer an entirely new perspective. Your first print - whether monochrome or in full colour - is out in only 14 seconds. As printing continues at 20 pages per minute (16 ppm for the SP C220N), your daily print jobs will be ready in a flash. For an even more powerful performance, the SP C222DN provides you with automatic double-sided printing.

Create high impact documents in-house

Consistent, high quality colour is essential for your professional presentations, newsletters and flyers. With the SP C220N and SP C222DN's vivid colour capabilities, you can now create striking output on a wide range of office media. At a resolution of up to 2,400 x 600 dpi, you obtain striking results with impeccable detail and sharp images.

Easy to use

The Aficio™SP C220N and SP C222DN offer ease of use like no other, from installation to daily use and maintenance.

- All functions can be accessed immediately via the straightforward operating panel.
- Full front operation is guaranteed thanks to the devices' handy design.
- It takes only seconds to replenish paper or replace the toner cartridge.

Depend on your printer

You can be assured; with these Ricoh printers you'll get consistent results fast and hassle free. The robust Aficio™SP C220N and SP C222DN have been outfitted with a straight paper path for reliable printing up to a stunning 30,000 pages per month.

Committed to our earth

Like all Ricoh products, the Aficio™SP C220N and SP C222DN reflect Ricoh's commitment to the environment through their low power consumption and zero waste:

- less than 15 W power consumption in energy saver mode
- easily recyclable parts & long unit life
